18. HOUSING

BILL BAMANN, 315-772-7256

- **APPROVED ADEQUATE RENTAL HOUSING:** The Army Housing Online Users Services (AHOUS) at www.housing.army.mil is the Army's one-stop site for all housing information, on and off-post, at any Army installation. This website contains information and links for information on barracks, on-post housing and off-post housing. Current listings, updated weekly, of available off-post rentals at approved apartment complexes is available at the Welcome Homes Center. The overall rental housing market vacancy rate is now about 5½%. Further from post has greater vacancies and typically lower rents, while closer to post and newer rentals typically have fewer vacancies and slightly higher rents. However, all rents are generally within the BAH rates and therefore affordable. There's plenty of choices available for most categories of rental housing with competitive rates. On-post Family Housing has homes, mainly in junior rank categories, available for immediate occupancy. Coordinate early for on-post housing to ensure you get the right home for your Family with minimal delays. Check with Fort Drum's Welcome Home Center at Clark Hall (2nd floor of Clark Hall) for the latest information (315-955-6644).
- **ARMY COMMUNITY HOUSING OFFICE CAN HELP:** The Army Community Housing Office at Clark Hall (Rm A2-54) is always available to assist Soldiers with any off-post housing issue, from finding the right housing and rental inspections to resolving landlord-tenant disputes. Never enter into a lease without checking first with the Army Community Housing Office to see if the rental you are contemplating has been inspected by us for basic safety and habitability criteria. Always get your lease reviewed by Legal Assistance or the Army Community Housing Office prior to signing to be sure all your rights are safeguarded and you're not entering into a situation that could turn bad for you after you move in. Stop in or call 772-9397 or 772-8751 to speak to a counselor.

25. SAFETY

JOHN DROZD, 315-772-3022

Back to School Safety Tips:

Backpacks: While it's common these days to see children carrying as much as a quarter of their body weight, the American Chiropractic Association recommends a backpack weigh no more than 10 percent of a child's weight. When selecting a backpack, look for:

- . An ergonomic design
- . The correct size: never wider or longer than your child's torso and never hanging more than 4 inches below the waist
- . Padded back and shoulder straps
- . Hip and chest belts to help transfer some of the weight to the hips and torso
- . Multiple compartments to better distribute the weight
- . Compression straps on the sides or bottom to stabilize the contents
- . Reflective material

School Bus Safety:

School buses are the safest way for students to travel, but children also need to do their part to stay alert and aware of their surroundings to prevent injury.

Getting on the Bus:

- . When waiting for the bus, stay away from traffic and avoid roughhousing or other behavior that can lead to carelessness
 - Do not stray onto the street, alleys or private property
- . Line up away from the street or road as the bus approaches
- . Wait until the bus has stopped and the door opens before approaching the bus
- . Use the handrail when boarding

Getting Off the Bus:

- . Use the handrail when exiting
- . If you have to cross in front of the bus, first walk at least 10 feet ahead until you can see the driver
- . Make sure the driver can see you
- . Wait for a signal from the driver before crossing
- . When the driver signals, look left, right, then left again. Walk across the road and keep an eye out for sudden traffic changes
- . If your vision is blocked, move to an area where you can see other drivers and they can see you
- . Do not cross the center line of the road until the driver signals it is safe
- . Stay away from the rear wheels of the bus at all times
