ALPINE EXPRESS start date
→ September 22, 2025!! ←

52 Stops – using two routes: North Post
and South Post/Airfield

All AAFES Shoppettes

All Community Centers in Housing and 12 bus shelters

Main Post Chapel/Youth Center

PX/Commissary

All Medical and Dental Clinics

All Fitness Centers/Gyms

All Dining Facilities

Library/Education Center

Bowling Alley

USO

BOSS

The Peak

Remington Park (weekend route)

Clark Hall

The Timbers

Barracks stops

Outdoor Recreation/Goodyear

Located at **ALL STOPS**
– will be a **decal** at
stops with a
preexisting shelter
(housing & dining facilities)

Located at **THE PEAK**
to show **TRANSFER**
between the two
routes!

Transit is used everywhere there is a mass transit system. Lewis County Public Transportation (LCPT) utilizes *Transit* for the 9 bus lines they operate. **App is FREE for riders.** Plus, each bus is equipped with Wi-Fi capability.

Lewis County Riders Guide

Transit 101 Booklet

Transit App Download

The home screen shows nearby transit options and countdowns to the next departure, sorted by proximity.

SWITCH DIRECTIONS ⇌

Swipe left/right on any route to view the different directions.

REAL-TIME ETAs 📶

Countdowns followed by waves are real-time predictions based on data from the transit agency. If not, you'll see scheduled times.

Tap any route in the list to show more options, such as:

ROUTE MAP 📍

See vehicle locations in real time and find nearby stops.

SERVICE ALERTS ⚠️

Keep on top of schedule changes, detours or unexpected surprises.

UPCOMING DEPARTURES ⌚

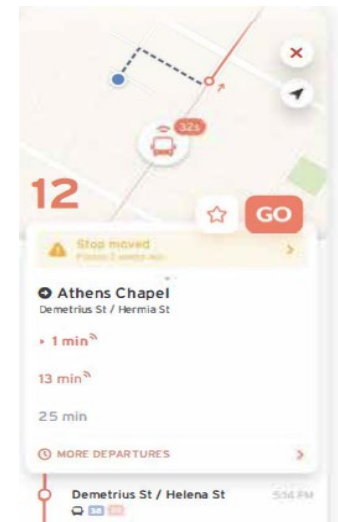

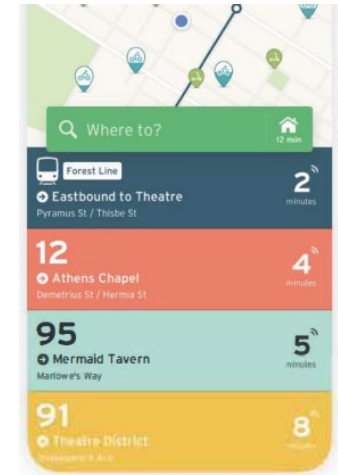

See the next three arrivals or view the full schedule.

FAVORITES ★

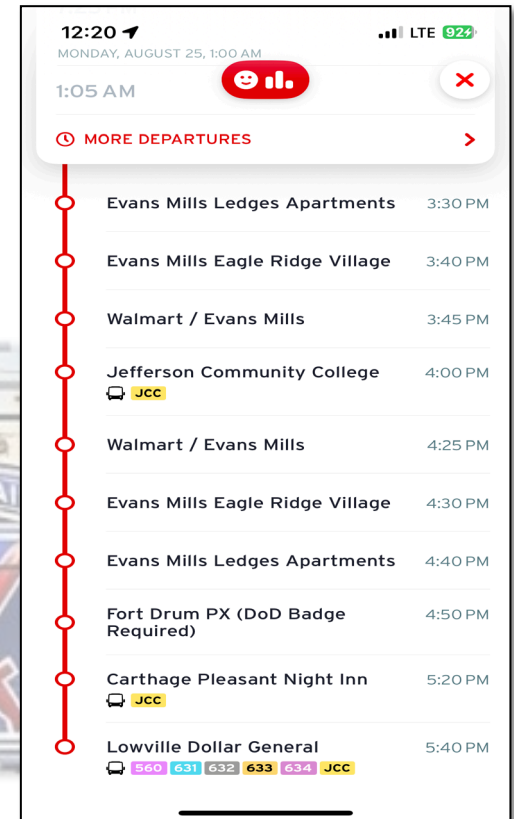

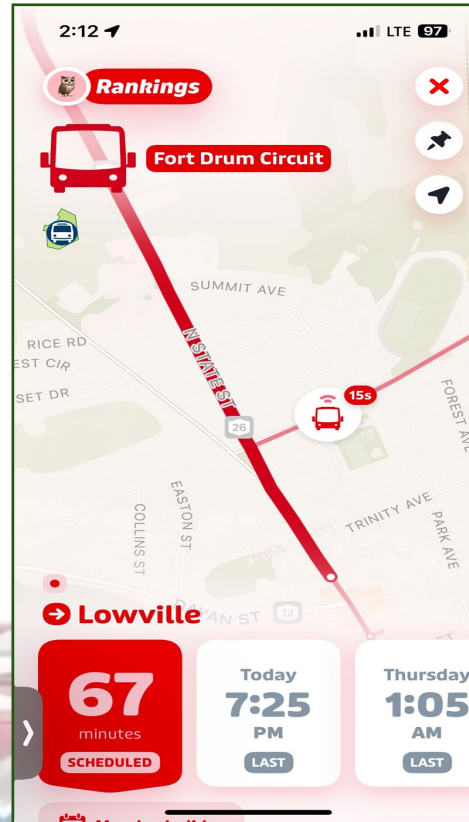

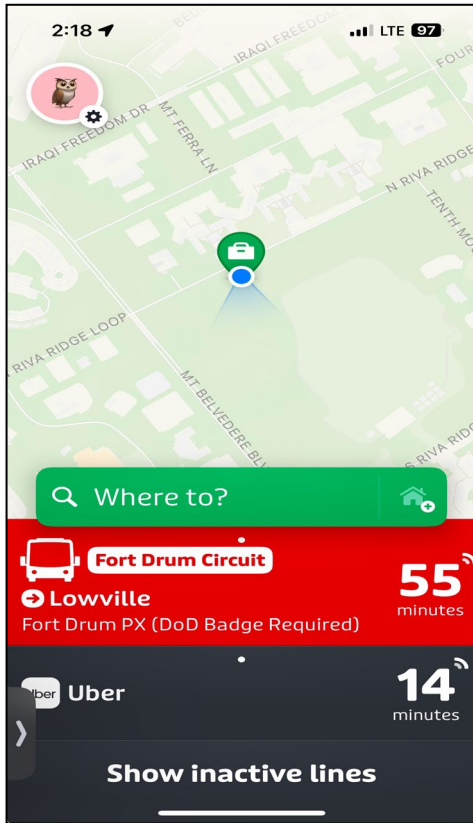

Always take the same route? Move it to the top of the list by adding it to your favorites.

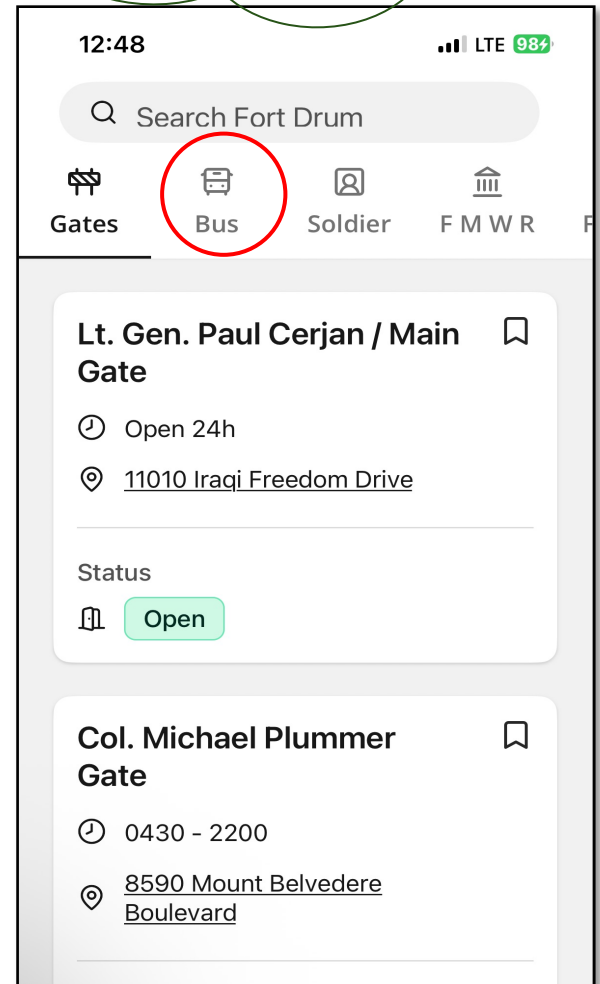

TRIP COMPANION 🚗

Tap GO for step-by-step transit directions and notifications about when to leave for your trip, and when to get off. Plus: when you use GO, you're helping other riders with more accurate real-time tracking information.

Teens and E-Cigarettes

E-cigarettes and Youth: What Parents Need to Know

WHAT ARE E-CIGARETTES?

Electronic cigarettes (e-cigarettes) are battery-powered devices that deliver nicotine, flavorings, and other ingredients to the user. Using e-cigarettes is sometimes called “vaping.” E-cigarettes do not create harmless “water vapor” – they create an aerosol that can contain harmful chemicals.

HOW MANY YOUTH ARE USING E-CIGARETTES?

- E-cigarettes have been the most commonly used tobacco product among U.S. youth since 2014.
- In 2020, CDC and FDA data showed that at least 3.6 million U.S. youth, including about 1 in 5 high school students and about 1 in 20 middle school students, used e-cigarettes in the past 30 days.

WHAT ARE THE RISKS FOR YOUTH?

- Most e-cigarettes contain nicotine, which is highly addictive. Nicotine exposure during adolescence can:
 - Harm brain development, which continues until about age 25.
 - Impact learning, memory, and attention.
 - Increase risk for future addiction to other drugs.
- Young people who use e-cigarettes may be more likely to go on to use regular cigarettes.
- Many e-cigarettes come in kid-friendly flavors – including mango, fruit, and crème – which make e-cigarettes more appealing to young people.
- E-cigarette aerosol is not harmless. It can contain harmful substances, including:
 - Nicotine
 - Ultrafine particles
 - Cancer-causing chemicals
 - Flavorings that have been linked to lung disease
 - Volatile organic compounds
 - Heavy metals such as nickel, tin, and lead

[CDC.gov/e-cigarettes](https://www.cdc.gov/e-cigarettes)

U.S. Department of
Health and Human Services
Centers for Disease
Control and Prevention

WHAT DO E-CIGARETTES LOOK LIKE?

- E-cigarettes come in many shapes and sizes. Some look like regular cigarettes, cigars, or pipes. Larger e-cigarettes such as tank systems – or “mods” – do not look like other tobacco products.
- Some e-cigarettes look like other items commonly used by youth, such as pens and other everyday items. New e-cigarettes shaped like USB flash drives are popular among youth, including JUUL and the PAX Era, which looks like JUUL and delivers marijuana.

WHAT CAN YOU DO AS A PARENT OR CAREGIVER?

As a parent or caregiver, you have an important role in protecting children from e-cigarettes.

- Talk to your child or teen about why e-cigarettes are harmful for them. It's never too late.
- Set a good example by being tobacco-free.
- Learn about the different shapes and types of e-cigarettes and the risks of e-cigarette use for young people at [CDC.gov/e-cigarettes](https://www.cdc.gov/e-cigarettes).

[CDC.gov/e-cigarettes](https://www.cdc.gov/e-cigarettes)

ABOUT USB FLASH DRIVE-SHAPED E-CIGARETTES

As a parent or caregiver, you may have heard about the use of USB flash drive-shaped e-cigarettes, including JUUL (pronounced “jewel”). JUUL is the top-selling e-cigarette brand in the United States.

JUUL is being used by students in schools, including in classrooms and bathrooms. JUUL's nicotine liquid refills are called “pods.” According to the manufacturer, a single JUUL pod can contain as much nicotine as a pack of 20 regular cigarettes.

JUUL delivers nicotine in a new form called “nicotine salts,” which can make it less harsh on the throat and easier to use by youth. JUUL also comes in flavors that can appeal to youth.

Electric Assist Bicycles

What are Electric Assist Bicycles?

- Electric assist bicycles, often called e-bikes, are bicycles that are equipped with a motor to aid the rider.
- E-bikes are generally categorized based on the level of pedal assist they offer; **Class 1, Class 2 and Class 3** (3 being the fastest).
- Important Community Information
 - Operators of E-Bikes/Scooters must be 16yrs of age or older. If under the age of 16, parents or guardians are held responsible/liable.
 - Bike helmets are mandatory
 - Must be operated on the **shoulder** of the road, with the flow of traffic.
 - Alcohol/drug related incidents while operating E-Bikes, refer to NYVTL 1242(a)(1)(b) and must meet the requirements of NYVTL 1242.
 - 1st Offense= Infraction 2nd Offense= Misdemeanor

New E-Bike Crash Reporting Rules

For E-bikes and E-Scooters

In New York, effective immediately (1 Aug 2025), if a crash involving an e-bike or e-scooter results in injury or death, a Report of Motor Vehicle Accident (Form MV-104) must be filed by each party involved, not just the driver of a car. A report must also be filed if property damage exceeds \$1,000 to any one party. If someone is injured or killed in any accident, the police must be informed, and leaving the scene of such a crash is a crime.

That includes the following scenarios if there is an injury and/or property damage above \$1,000:

- **Car hits e-bike/scooter:** Both the car driver and e-bike operator must file a report
- **Two e-bikes hit each other:** Both operators must file a report
- **E-bike or scooter in single-vehicle crash:** The operator must file a report
- **E-bike hits pedestrian:** The e-bike operator must file a report
- **Property damage only:** If over \$1,000 the party whose property was damaged must file

How E-Bike Riders Get Compensated for Injuries:

- If you're injured while riding an e-bike or e-scooter, how you get compensated depends on how the crash happened.
- If you get hit by a car, and you're riding a Class 1 or Class 2 e-bike, the law sees you as a bicyclist or pedestrian.

OPERATION SAFE STOP

2-18 September

What is Operation Safe Stop?

- An estimated 50,000 motor vehicles illegally pass New York State school buses every day.
- Operation Safe Stop seeks to promote school bus safety through education and enforcement efforts. Operation Safe Stop is a cooperative project supported by the New York State Governor's Traffic Safety Committee, the New York State Education Department, the [New York Association for Pupil Transportation](#), the New York State School Bus Contractors Association, the student transportation industry and state, county, city and local law enforcement agencies.

What we will be doing:

- **Between 2 September and 18 September increased presence at the below bus stops during morning pickup and afternoon drop off**
- **Concentration: Fail to Stop, Speed, and Safety**
- **Tracking Issues, Stops, Citations**

RELOCATION READINESS PROGRAM PRESENTS:

The poster features a central globe with various world landmarks like the Statue of Liberty, Big Ben, and the Eiffel Tower. It includes speech bubbles with text in French, Japanese, and Chinese. A large orange 'Learn English' title is prominent. A red banner says 'Free'. A 'Kids WELCOME' sign is also present. The schedule is divided into Beginner (9AM-11AM) and Intermediate (11AM-1PM) levels. Locations are listed for Tuesday/Thursday and Wednesday. QR codes are provided for sign-up. The bottom includes a phone number, a 'Scan me' instruction with a QR code, and logos for the Relocation Readiness Program and Army Community Service.
